

DOMAINE DU GOLFE
ROQUEBRUNE-SUR-ARGENS

Less than an hour from Nice airport, La Domaine du Golfe de Roquebrune is perched high on the hillside facing the bay of Saint-Raphael and enjoys panoramic views from the creeks and red rocks of the Esterel down to the ocean.

The architect, Francois Spoerry, famed for the Port Grimaud development, has designed the buildings within the domaine specifying the attractive colours of the buildings and shutters and has captured the intimacy of private gardens and hidden terraces in true Provencale tradition.

There is a large swimming pool with a paddling pool for younger children. The three all season tennis courts are set into the hillside and enjoy the last of the evening sun. Three boule pitches alongside are a perfect place to enjoy a sundowner.

The 18 hole Roquebrune golf course wraps itself around the domaine and has been designed to include natural obstacles, with ponds, valleys and views down towards the sea. There are training facilities to help you improve your swing and perfect your styles and a bar and top class restaurant to relax after your game.

The peaceful medieval village of Roquebrune sur Argens, a few minutes away, has managed to preserve its beauty and offers the opportunity for a relaxing drink or dinner at one of its many restaurants.

The large safe sandy beach of Saint Aygulf is only a few kms away, whilst sailing and a variety of water sports can be found at Les Issambres, St. Aygulf and St. Maxime.

The old Roman town of Frejus and Port of Frejus and St Maxime with its stunning marina are only a short drive away and offer a wealth of shops, markets and restaurants.

The glamorous cities and resorts of the French Riviera, Monaco, Nice, Cannes and St Tropez have a lasting enchantment for visitors from around the world and are within easy reach. Should you tire of the coast, the pretty villages and numerous vineyards of Provence and the Georges of the Verdon are there to discover.
